

Pallabi Ghosh Das

Front-end Developer & UI/UX Designer

I am a versatile and enthusiastic lady from India, living in Denmark for three years. For the last two years, I have been working as a Front-end developer. I have been working with Javascript, HTML/CSS, Swift and React Native to deliver exceptional customer experiences. Adept at contributing to a highly collaborative work environment, finding solutions, and determining customer satisfaction. In these professional roles, I have had multiple experiences juggling UX/UI and Frontend tech stacks. In my leisure time, I love running, watching movies with my family, and decorating my home.
